

Electrician – Birla Global University

Job Summary:

The Electrician will be responsible for performing electrical maintenance, installation, inspection, and repair work across campus facilities. This role ensures the safe and reliable operation of all electrical systems and supports day-to-day operations and special events at the university.

Key Responsibilities:

- Install, maintain, and repair electrical wiring, equipment, and fixtures.
- Diagnose malfunctioning systems and components using testing equipment.
- Ensure compliance with local and national electrical codes and university safety standards.
- Inspect electrical systems, equipment, and components to identify hazards, defects, or the need for adjustment or repair.
- Maintain and update service logs, reports, and inventory of electrical supplies.
- Provide support during campus events, including temporary wiring and equipment setups.
- Coordinate with contractors, vendors, and university departments as required.
- Respond promptly to emergency calls for electrical service and repairs.
- Recommend improvements for energy efficiency and preventive maintenance.

Qualifications & Experience:

- ITI/Diploma in Electrical Engineering or equivalent from a recognized institute.
- Minimum 4–6 years of relevant work experience, preferably in an educational or institutional setting.
- Good knowledge of electrical safety protocols.
